

OCEAN TERRACE

~ CONDOMÍNIO FECHADO ~

LEÇA DA PALMEIRA, PORTUGAL

Ocean Terrace
welcomes you.

DEVELOPMENT

A development with unique characteristics.

A gated community, located in Leça da Palmeira. Boasting contemporary architecture, vast gardens, a semi-olympic pool, a gym with the latest Technogym machinery, and generous terraces with views to the ocean.

LOCATION

Portugal, considered one of the best cities to live and work in

Only a few hours away from the main capitals of Europe and the crossing point between three continents. With the pleasant climate and paradisiacal beaches and the enormous cultural, historical and gastronomical richness, our country is bursting with opportunity.

Porto, often considered Europe's best travel destination.

With some of the best infrastructures in the country, Porto blends some of the most significant historic and natural landmarks with the convenience of a contemporary European city.

LOCATION

Leça da Palmeira

The peace and comfort of living next to the beach, enjoying the local food and commerce, the touristic and cultural landmarks, only a short distance from the largest commercial centers, and with the ceter of Porto and the airport less than 10 minutes away.

LOCATION

CASA DE CHÁ DA BOA NOVA
TWO MICHELIN STAR RESTAURANT

Live the Leça da Palmeira Lifestyle

Known for its beaches, namely Boa Nova, Fuzelhas and Aterro, and for its cuisine, which is considered idyllic for those that enjoy fish (but not exclusively). It incorporates the Porto de Leixões, the second largest port in the country and also Marshopping, one of the largest shopping centers in the country.

Between its monuments and its contemporary buildings, Casa de Chá da Boa Nova stands out, made by world renowned architect Siza Vieira, built over the rocks overlooking the ocean; the Boa Nova lighthouse, which is the second highest in the Portuguese coast; the fort of Nossa Senhora das Neves; the Casa - Museu da Quinta de Santiago; the Quinta da Conceição; the Piscina das Marés, designed by Siza Vieira, a pool that is fed with sea water and built on the rocky coast.

The future growth of Leça.

New Metro Line.

Right next to Ocean Terrace, connecting Leça to the airport, the city centre and everything else Porto has to offer.

Parque das Nações.

The current old exhibition center next to Ocean Terrace, will soon be replaced by a state-of-the-art conference center combined with exhibition halls, commercial spaces, a conference hotel and the new metro line, connecting Leça to the airport and the center of Porto.

Old Refinery.

The 400,000sqm old Galp refinery will, in the near future, be transformed into a technology hub connected with the University of Porto with vibrant life and innovation which will create additional demand for residential properties in Leça da Palmeira.

GATED COMMUNITY

In Leça da Palmeira, on a land with over 14,000m² and privileged solar exposure, an exceptional gated community has emerged, composed by 3 residential buildings that are complemented by 8,000m² of outside space with a semi-olympic pool, a gym, a co-working space and large gardens perfect for catching sunlight.

From one to four bedroom apartments, Ocean Terrace presents itself as a standout development where no detail was left to chance, as to ensure the ideal place to call home.

Discover
everything
Ocean Terrace
has to offer.

Resort living, but at home.

Forward thinking architecture with an extreme attention to detail, in Ocean Terrace construction quality is a cornerstone.

The ventilated rainscreen system with a thick layer of thermal isolation reinforced to ensure resistance to all seasons, matched with enormous terraces in exposed concrete, creating a harmonious composition that unfolds from the top of the building - as these generous exterior rooms become, organically, an extension of the interior space

Solutions built for your lifestyle.

The apartments in Ocean Terrace go from the cozy **1 bedroom** to the awe inspiring T4 duplex penthouses with large amounts of external area and views over the Atlantic Ocean.

APARTMENTS

* Plants are examples and may not correspond to all apartments

One Bedroom

Facing East with 63m², these apartments favour simplicity without removing comfort. With a fully Miele equipped open-space kitchen leading to the living room, a bedroom with a large wardrobe and a full bathroom.

Together with a balcony with uninterrupted views toward the city and the ocean. These include an external parking space.

Two Bedroom

With a variety of solar positionings and between 119m² to 130m², these are versatile in their excellence. With independent living rooms and kitchen, connected to the terrace, these apartments have two full bathrooms. The average 2-bedroom terrace is over 20m², and have the long uninterrupted views toward the ocean that only Leça can offer. Each apartment includes a storage space and a parking space.

* Plants are examples and may not correspond to all apartments

Three Bedroom

Facing south with an imposing 190m², 30m² of terraces, two complete bathrooms and one guest bathroom and a 44m² living room.

These three-bedroom apartments are designed to maximize exuberance and comfort.

* Plants are examples and may not correspond to all apartments

Four Bedroom

With four bedrooms and 190 m², this is a large family's dream home. With all the rooms presenting generous spaces, three complete bathrooms and a guest bathroom.

The large living room extends outward into the covered terrace without losing its comfort, ensuring indoor-outdoor living that is at the heart of Ocean Terrace.

* Plants are examples and may not correspond to all apartments

DUPLEX PENTHOUSE
APARTMENT

3 BEDROOM
APARTMENT

Duplex Penthouses

The 'cherry on top of the cake'. Found on the 9th and 10th floor, with up to 440m², these stand out because of their enormous terrace areas, unparalleled finishes, and imposing size. These include a homelift and raise the bar on luxury in the North of Portugal. These penthouses uniquely include four parking spaces and a storage space.

DUPLEX PENTHOUSE
APARTMENT

True luxury is in the details.

The level of finishes matches the quality of construction, the selection of materials and use of brands known for their extremely high quality.

Starting with the window frames, toward the countertops and carpentry, to even the choice of appliances, these choices are coherent in their undeniable quality.

KRION.

KRION is an acrylic stone developed by Porcelanosa. The specific make-up of this material grants it some interesting characteristics: impermeability, anti-bacterial properties, toughness, resistance, durability, ease of repair and ease of cleaning.

In Ocean Terrace, we find KRION on the balconies of the kitchens and bathrooms, welded on the spot to remove the joints, meaning no hidden dirt in these crucial places. We can also find this material around the window frames, fully avoiding the entry of humidity through the windows.

Carpentry by D' CASA.

D' CASA's make up of exceptionally qualified engineers and seasoned carpenters, combined with the company's experience in large construction projects, make it uniquely suited to work on Ocean Terrace's fine carpentry finishes.

TECHNAL Window Frames.

TECHNAL's core values are design, quality and innovation. We chose to partner with TECHNAL as their products, at heart, share Ocean Terrace's DNA. From its aesthetic, to the aluminium and glass used, to the execution within construction, TECHNAL elevates the quality and ensures the ideal acoustic and thermal isolation.

GROHE Fixtures

The minimalistic design brought by GROHE harmonize with the rest of Ocean Terrace's finishes. The reliability, advanced technology and sustainability brought by this brand ensures long-lasting comfort.

MIELE Appliances.

MIELE is at the highest end of electrical appliances, therefore it's use as Ocean Terrace's electrical equipment provider is only a natural development of the premium finishes within any of it's apartment.

Exterior		Rooms, Halls and Living Rooms
